Donna Hernandez, I am in support of the bill I am disabled and I live in a Old studio apartment. It very old and I have so many problems since the day I moved in 2018 it was 550.00 now it is 690.00 it went up 90 dollars since last year. It has single pane windows I can't open there is mold I have severe lung issues because of it and my RA, I just got a new kitchen floor after 2yrs she won't put handles in shower so I don't fall I can't use my walker because of it being so small I was promised a bigger place 3yrs ago and still nothing. I believe she rose the rent because of putting floor in. They supposedly fixed my bathroom now new tile already coming up and toilet is loose . she keeps saying why are we using so much water. I have not changed anything since the day I moved in. They should fix before raising the rent .
