

Submitter: Jacob Dwelle

On Behalf Of:

Committee: Senate Committee On Housing and Development

Measure: SB611

We can barely afford cost of living. The numbers on an excel spreadsheet do not represent our lived experiences and struggles. What is rent money to a landlord, is food, shelter, and a future for the renter. We must support a cheaper cost of living and a healthy economy. You don't do that by caving to the desires of rich landlords. DO NOT let rents be raised another cent!
