Committee: Senate Committee On Housing and Development

Measure: SB611

Dear Senator Mr. Knopp, I am writing to demand your support of Senate Bill 611 for reason that you are going to kill this very important Senate Bill 611, which will reduce incredible the rent cap, which is unbearable for many American renters of citizen, for the Oregon USA. To refuse lowering the rent cap, you agree to increase homelessness and poverty in Oregon. Also, based on the critical situation in providing affordable and subsidized housing for people with low income as retired and veterans it is necessary to open waiting list, and to work to increase and develop the necessary housing for it in order to improve the standard of living of citizens and reduce homelessness. Thank you.
