Subject: Letter of Support for Furnish Hope

To Whom It May Concern,

As the Executive Director of The Giving Plate, I'm writing to wholeheartedly endorse Furnish Hope's crucial project of establishing a satellite hub in Madras. Our organizations share a commitment to supporting struggling families, and we recognize the immense value of Furnish Hope's unique and indispensable service in transforming houses into homes for those in need throughout Central Oregon.

The alignment between our organizations goes beyond mere collaboration; it's about recognizing shared values and goals on behalf of our struggling neighbors next door. Furnish Hope's dedication to providing an essential and unparalleled service to the Madras community is something we recognize as a priority for that community, and we are in full support of this project they are pursuing. A satellite Furnish Hope hub in Madras holds immense promise for addressing the pressing needs of families in the area. We firmly believe that this endeavor will uplift the community by providing families the support and resources they need to thrive.

In light of the exceptional potential this project holds for the Madras community, I would ask for your thoughtful consideration and support for Furnish Hope through funding or connections to other resources in the Madras community that could strength this work. Should you have any questions or require further clarification regarding anything you have read in this letter, please don't hesitate to reach out to me.

Your support of Furnish Hope's Madras satellite hub will undoubtedly play a pivotal role in bringing about positive change and transforming houses into homes for families in need in the Madras and Warm Springs communities.

Respectfully,

Ranae Staley
The Giving Plate, Executive Director
