BACKGROUND:

The Oregon Business Development Department (OBDD) has several responsibilities, including coordinating state and federal economic and community development programs, recruiting domestic and international business firms to interested communities, assist existing Oregon companies, establish and operate foreign trade offices where necessary, and consult with local government to establish regions for job development to facilitate economic growth. The Oregon Business Development Commission consists of nine members and provides oversight and direction to OBDD. The Commission also develops and maintains Oregon's economic development policy and strategy.

In 2023, the Legislative Assembly enacted Senate Bill 5506. SB 5506, in part, appropriated specified funds to OBDD to be distributed to 78 specific cultural organizations, such as the Crystal Ballroom and Pentacle Theatre. See also section 254, chapter 605, Oregon Laws 2023.

Senate Bill 1582 appropriates money to the Oregon Business Development Department to distribute to Oregon cultural organizations in response to the negative impact of the COVID-19 pandemic on organization finances.
