Voter Registration Cards

Current law allows any person to request up to 5,000 voter registration cards from the Secretary of State (Secretary). It also authorizes the Secretary to adopt rules for this process.

Financial Estimate Committee

The Financial Estimate Committee (Committee) consists of the Secretary of State, the State Treasurer, the Director of the Oregon Department of Administrative Services, the Director of the Department of Revenue and a representative of a city, county or district with expertise in local government finance. The representative of a city, county or district shall be selected by the four other members of the financial estimate committee and shall serve for a term of two years that begins on March 1 of the odd-numbered year. When a state measure involves use of public moneys by the state, the Committee is charged with estimating the amount of direct expenditure, reduction of expenditure, reduction in state revenues, tax revenue or indebtedness, and interest that will be required to meet the provisions of the measure, if it is enacted.

Issuance of certificate of ascertainment of presidential electors

No later than the 37th day after any election, current law requires the Secretary of State to prepare and deliver a certification of nomination election to each candidate having the most votes for nomination for, or election to, the office. The Secretary is required to sign the certificate under the seal of the state.

Candidate expenditure thresholds for establishing a campaign committee

ORS Chapter 260 exempts candidates who serve as their own treasurer, and who expect neither the aggregate contributions nor the aggregate expenditures to exceed \$750 during a calendar year, from filing a statement of organization, establishing a single exclusive campaign account, or filing other statements under ORS 260.057. Fees paid for space in a voters' pamphlet are exempt from these calculations, as are costs associated with printing and circulating a petition in lieu of paying a fee to be included in a voters' pamphlet.

ORS Chapter 260 also exempts several items from the definition of "contribution" and "expenditure," including, but not limited to: any written news story, commentary, or editorial distributed through a broadcasting station, newspaper or magazine; a vendor's sale of food and beverage for use in a campaign sold at a charge less than the normal charge; and nonpartisan activity designed to encourage individuals to vote.
