No amendment.

BACKGROUND:

The Oregon voters' pamphlet is a publication produced and distributed by the Secretary of State (SOS) Elections Division. A voters' pamphlet is produced for each primary and general election, as well as for any special statewide election. One copy of the voters' pamphlet is mailed to every household in the state. The voters' pamphlet includes information about candidates, measures, recognized political parties, and any assembly of electors. It also includes instructions for marking the ballot, a complete list of federal and state candidates, and other information on the voting process.

A county may publish a county voters' pamphlet and distribute it themselves; publish a county voters' pamphlet and have it inserted into the state voters' pamphlet for elections that the SOS is required to publish; or not publish a county voters' pamphlet and have certain local candidates and measures be eligible for inclusion in the state voters' pamphlet (OAR 165-007-0030).

[House Bill 3021 \(2021\)](#) requires the SOS to ensure that each state and county voters' pamphlet mailed to county residents is also translated into the most common languages spoken in the state and each county, other than English, and is made available on the SOS and applicable county websites. The measure specifies sections of the voters' pamphlet required to be professionally translated by the SOS and allows the submission of translations of certain candidate and measure statements. Lastly, the measure establishes a Translation Advisory Council and requires the SOS to consult with the council on the translation of voters' pamphlets.

[Senate Bill 169 A \(2023\)](#) proposed to increase the number of most commonly spoken languages in each county, other than English, into which the Secretary of State is required to translate and print state and county voters' pamphlets, from five to 10 and to increase the requisite number of people who have to speak a language for it to be considered a top 10 language from 100 to 300.
