Integrated Service Delivery Model

Providing intentional, critical, and equitable supports that improve social circumstances and health outcomes, for individuals and communities to thrive.

Proponent:
Senator Deb Patterson

Compounding circumstances has brought a single parent to a point of severe drug and alcohol addiction. They start to receive multiple drug and/or alcohol related infractions.

- Job Loss
- Time Incarcerated
- Children end up in foster care
- Difficult to find employment
- Court sanctions recovery and counseling
- Addiction recovery organization steps in to help build a path of recovery

Reducing Social Service Costs

INTERVENTION

Critical Services / Basic Needs, Intensive Case Management, Respite Walk-in, Permanent Housing

So how will all of the needs of this single parent be addressed?

- Future employment
- Affordable Housing
- Managing limited finances
- Food insecurity
- Reconnecting with your children from foster care
- Future childcare and family supports
- Additional education and skill building opportunities

PREVENTION

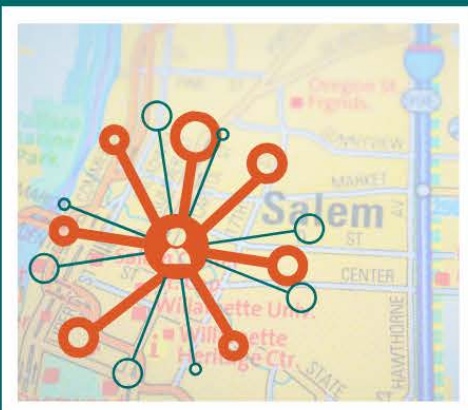

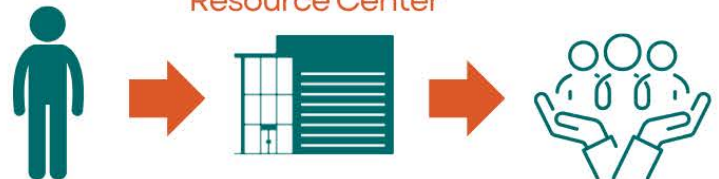

Integrated Support Network, Amplifying Community Strengths, Barrier Reduction, Broad Range of Supports

ASSET BUILDING

Academic and Career Resources, Healthy Aging Programs, Family Engagement, Childcare, Youth Development, Resource Navigation

Addiction Recovery Programs can make connections with a resource navigator from the social services resource center that will help in many of these areas, avoiding relapse and progressing toward stability, health and well-being, all from one location.
