## A BILL FOR AN ACT

1  
2 Relating to in-home service providers; creating new provisions; and amending ORS 124.050 and  
3 443.305.

4 Whereas quality long term in-home care services allow Oregon seniors, persons with disabilities  
5 and their families the choice of remaining in their own homes and communities, including the choice  
6 of whether to receive residential services, use licensed home care agencies or employ individual  
7 providers; and

8 Whereas long term in-home care services are a less costly alternative to institutional care,  
9 saving Oregon taxpayers significant amounts through lower reimbursement rates; and

10 Whereas thousands of Oregon seniors and persons with disabilities exercise their choice to live  
11 in their own homes and receive needed assistance through in-home services; and

12 Whereas many Oregon seniors and persons with disabilities currently receive long term in-home  
13 care services from individual providers hired directly by them under programs authorized through  
14 the Medicaid state plan or Medicaid waiver authorities and similar state-funded in-home care pro-  
15 grams; and

16 Whereas establishing a consumer-directed employer program will support the state's intent for  
17 consumers to direct their own services, enhance the capacity of the home-based service system by  
18 adding an entity that provides the administrative functions of an employer and supports consumers

**NOTE:** Matter in **boldfaced** type in an amended section is new; matter *[italic and bracketed]* is existing law to be omitted. New sections are in **boldfaced** type.

1 to manage the services provided in their own homes, prevent or reduce unnecessary and costly  
2 utilization of hospitals and institutions by taking a step toward integration of home care workers  
3 into a coordinated delivery system, and support the development of new technology and inter-  
4 ventions to enhance the skills of home care workers and services provided to consumers; and

5 Whereas labor and management conflicts jeopardize the state's proprietary interests as a pur-  
6 chaser of self-directed home care services by substantially interfering with the quality, consistency  
7 and reliability of the provision of self-directed home care services in the state; and

8 Whereas a disruption in the provision of self-directed home care services results in additional  
9 costs and otherwise avoidable expenditures of public funds; and

10 Whereas the lack of a mutual agreement to resolve labor and management conflicts through  
11 processes that avoid disruption in the provision of self-directed home care services increases the  
12 likelihood that labor and management conflicts will interfere with the provision of self-directed home  
13 care services; and

14 Whereas the Legislative Assembly declares that it is the policy of this state to promote labor  
15 peace in state contracts for self-directed home care services by encouraging the resolution of labor  
16 disputes in a manner that reduces the likelihood of work stoppages that interrupt the provision of  
17 self-directed home care services; and

18 Whereas the Legislative Assembly does not intend for the consumer-directed employer program  
19 to replace the consumers' options to select an individual provider to provide in-home care from a  
20 qualified home care agency or through the Home Care Commission; now, therefore,
