A BILL FOR AN ACT

1
2 Relating to in-home service providers; creating new provisions; and amending ORS 124.050 and
3 443.305.

4 Whereas quality long term in-home care services allow Oregon seniors, persons with disabilities
5 and their families the choice of remaining in their own homes and communities, including the choice
6 of whether to receive residential services, use licensed home care agencies or employ individual
7 providers; and

8 Whereas long term in-home care services are a less costly alternative to institutional care,
9 saving Oregon taxpayers significant amounts through lower reimbursement rates; and

10 Whereas thousands of Oregon seniors and persons with disabilities exercise their choice to live
11 in their own homes and receive needed assistance through in-home services; and

12 Whereas many Oregon seniors and persons with disabilities currently receive long term in-home
13 care services from individual providers hired directly by them under programs authorized through
14 the Medicaid state plan or Medicaid waiver authorities and similar state-funded in-home care pro-
15 grams; and

16 Whereas establishing a consumer-directed employer program will support the state's intent for
17 consumers to direct their own services, enhance the capacity of the home-based service system by
18 adding an entity that provides the administrative functions of an employer and supports consumers
19 to manage the services provided in their own homes, prevent or reduce unnecessary and costly
20 utilization of hospitals and institutions by taking a step toward integration of home care workers
21 into a coordinated delivery system, and support the development of new technology and inter-
22 ventions to enhance the skills of home care workers and services provided to consumers; and

NOTE: Matter in **boldfaced** type in an amended section is new; matter *[italic and bracketed]* is existing law to be omitted. New sections are in **boldfaced** type.

1 Whereas labor and management conflicts jeopardize the state's proprietary interests as a pur-
2 chaser of self-directed home care services by substantially interfering with the quality, consistency
3 and reliability of the provision of self-directed home care services in the state; and

4 Whereas a disruption in the provision of self-directed home care services results in additional
5 costs and otherwise avoidable expenditures of public funds; and

6 Whereas the lack of a mutual agreement to resolve labor and management conflicts through
7 processes that avoid disruption in the provision of self-directed home care services increases the
8 likelihood that labor and management conflicts will interfere with the provision of self-directed home
9 care services; and

10 Whereas the Legislative Assembly declares that it is the policy of this state to promote labor
11 peace in state contracts for self-directed home care services by encouraging the resolution of labor
12 disputes in a manner that reduces the likelihood of work stoppages that interrupt the provision of
13 self-directed home care services; and

14 Whereas the Legislative Assembly does not intend for the consumer-directed employer program
15 to replace the consumers' options to select an individual provider to provide in-home care from a
16 qualified home care agency or through the Home Care Commission; now, therefore,

17 **Be It Enacted by the People of the State of Oregon:**
