Measure: HB4148

Dear Committee Members,

This is one of the best bills I've ever seen that will help wildlife in many ways.

PLEASE support this bill!

As a small farmer, an advocate for co-existence and non-lethal predator control, and active community member, I know it is time to pass this kind of legislation. With so many perils to wildlife, this bill would go a long way in avoiding species being placed on the ESA lists.

Thank you for supporting this bill.
