

Submitter: Julie Weismann
On Behalf Of: Lane County
Committee: House Committee On Judiciary
Measure: HB4140

The ODSVS and SHF funds have been critical for serving survivors in Lane County. With over 4700 unhoused folks counted in October and a 2% vacancy rate, survivors are faced with limited resources. With budgeted ODSVS and SHF funds, Hope & Safety Alliance can plan for the future and how to meet the growing need for shelter and housing. These funds make all the difference and have helped hundreds of households escape abuse and fear - find safe and permanent housing. Please support HB4140 and help provide the financial stability that is need for survivors. THANK YOU for your support.
