Measure: HB4148

My name is Jeanette Schuster and I am concerned about the many threats to Oregon's wildlife. I am writing in strong support of all four parts of HB 4148, the Omnibus Wildlife Bill. As the human population and human activities continue to destroy, deplete, and expand into wildlife habitat, wildlife can be on nothing but the losing side. This bill takes a meaningful step in the right direction to ensure that wildlife and humans can coexist. Please ensure that our wildlife is protected, not just for the sake of future generations, but the animals themselves. Oregon is their place too.

Thank you, Representative Helm, for introducing this bill. Your efforts are very much appreciated.
