Water

Measure: HB4148

I want to thank Representative Ken Helm for introducing HB 4148. This bill, if passed, as the potential to will help protect wildlife, our environment, and people across Oregon by preventing human-wildlife conflicts, and inspiring wildlife stewardship. HB 4148 will also provide much needed outreach and education efforts to the community about living with wildlife, thereby preventing wildlife conflicts from happening and ultimately keeping wildlife and the public safe. The campaign would aim to reach all Oregonians. It's one of the most needed bills we have ever had the opportunity to pass. Please support this bill, it's needed. We must protect our natural environment and out wildlife. Thank you.
