Water

Measure: HB4148

I appreciate Representative Helm for introducing HB 4148.

I enthusiastically support for passage of all four parts of this bill

HB 4148 represents a wise investment in areas that are critical to protecting Oregon's wildlife. As wildlife comes under increasing pressure reducing conflicts, preventing the spread of invasive species, addressing disease outbreaks, and installing wildlife crossings in high hazard collision zones will only become more important.

Wildlife are indicator species for the health of the planet for the rest of us!
