Of:

Committee: House Committee On Agriculture, Land Use, Natural Resources, and
Water

Measure: HB4148

Chair Helm and Members of the Committee,

This is much-needed legislation. This law will improve the education of and outreach to members of the community regarding protection of wildlife, protecting both wildlife and our communities. It also will provide essential funding for more wildlife rehabilitation centers. And providing wildlife coexistence biologists will help Oregonians live in ways less destructive to wildlife.

Please make passage of this bill in this session one of your top priorities.

Thank you.
