Measure: SB1532

Our students are failing for lack of good education plans and the failed attempt to online learn when they could not attend schools during the pandemic. It's time to put America's children first and not be worried about "illegal" immigrants. We can hardly support our own citizens. It's time to say NO! I could understand if they were true "refugees" but they are not. It's anyone who wants to come here and without vetting. I say NO. We need to get back to vetting and having it be honorary to become a US Citizen and enjoy what taxpayers are paying for. No to anyone not contributing to the system, vetting, or true asylum needs. We cannot support the entire world. Taxpayers are suffering now. NO!
