

Submitter: ELAINE LAVINGTON

On Behalf Of:

Committee: Joint Committee On Addiction and Community Safety Response

Measure: HB4002

Measure 110 needs to be repealed. The bill does nothing with treatment for drug addiction or possession. This is why so many people come to Oregon to do drugs. There is no penalties for drugs in Oregon. The Fentanyl that has come across our borders by illegals are killing our youth and young adults. Measure 110 needs to be repealed. This Measure does nothing for Oregon except loose lives needlessly.
