Testimony in Support of HB 4092–
Costing core services and reducing administrative burden

Dear Chair Nosse, Vice-Chair Goodwin, Vice-Chair Nelson and members of the committee:

GOBHI (Greater Oregon Behavioral Health Inc) supports HB 4092.

GOBHI is a behavioral health and social services network serving 12 rural/frontier counties with the goal of empowering individuals and communities to achieve better health. GOBHI was established in 1994 and is a non-profit organization.

HB 4092 does two things. First, it costs out the core behavioral health services that counties are responsible for and second, it creates a forum to reduce the administrative burden in the behavioral health system. **Both issues are critically important for supporting our behavioral health system.**

Please support **HB 4092**.

Thank you.
