Committee: House Committee On Agriculture, Land Use, Natural Resources, and  
Water

Measure: HB4148

Hello,

I am writing to express my strong support for HB 4148, the Omnibus Wildlife Bill. As an Oregon resident who deeply values our state's natural beauty and wildlife, I believe this legislation is crucial for the protection and conservation of the environment.

Oregon's natural landscapes are cherished by residents and visitors alike, and we must take proactive measures to sustain them. With increasing industrial activities and population growth, the need to address human impact on wildlife and mitigate conflicts between humans and wildlife has become more pressing than ever.

HB 4148 addresses these challenges comprehensively by proposing measures to reduce wildlife conflicts, combat invasive species, mitigate wildlife collisions, and respond to wildlife disease outbreaks. By investing in these areas, we can ensure the long-term health and sustainability of Oregon's ecosystems.

I urge you to prioritize the passage of HB 4148 and advocate for its full implementation. As a constituent, I believe it is essential that our state takes proactive steps to protect our wildlife and environment for future generations.

Thank you for your attention to this matter.
