Measure: SB1503

I am writing today to oppose this bill. This bill does not focus on the problem of suicide and I'm not sure where one would think that guns are directly related to suicide. This is yet another attack on gun rights and the 2nd Amendment hidden behind buzz words like suicide. Mental Health issues have no relation to guns and OSHA does not need money to try and make a connection between the two. The sponsors of this bill should be ashamed of themselves. You are completely wasting taxpayer \$\$ trying to push this narrow agenda through.
