Why do we need a taxpayer money wasting "Task Force" on "Gun Violence and Suicide Prevention"? And why should the already mistrusted and discredited OHA involved? The People of Oregon already have the lowest trust in government since polls were taken on the subject. How about "Knife Violence" or "Road rage violence" - both kill more people than guns each year... and how about "Processed Fast Food Violence" relating to heart disease? Want to reduce Gun Violence? 1. Mandate gun safety in schools 2. Make the State a constitutional carry State - nothing stops gun crime more than potential criminals knowledge that good citizens are armed. Want to prevent suicide? Maybe look at the suicide rates since the COVID farce - they are way, way up and not stopping. Stop future suicide by holding those responsible for the COVID response of "stay at home", etc tyranny so the threat of such evil actions will be stopped before it begins. Wake up, the People want government that has the correct God-fearing moral and spiritual compass - and not more money-wasting efforts.
