Measure: HB4121

Hello,

This is Susan Phillips, owner of Phillips Field Facility- a OLCC producer farm in Eugene since 2017.

We are a small microtier1 farm which is located on our sustainable forest land in Lane County.

We have been struggling for a while to make ends meet and really appreciate the effort put forth in this bill to limit the number of producer farms in the state.

One thing in the bill, however , concerns me:

This is that- if things continue to deteriorate in the Oregon cannabis market and We are unable to recover- - I will not be able to sell my license after Jan. 1, 2025- in order the keep the ratio of consumer/farm at the rate you propose.

It would help if there could be a clause in the bill that would allow the sale of the license well past this date,

Thank you, SusanPhillips
