

Submitter: Rodney Tombleson
On Behalf Of: Self and the Constitution
Committee: Senate Committee On Judiciary
Measure: SB1503

Thank you for your service to the free state of Oregon. Thank you for taking vows and oaths to uphold and defend the National constitution and the Oregon constitution. Since you said you would do that, you really must know that attacking the law abiding will not solve crime. Punishing criminals does. We do not need a money grubbing bureaucracy we need law enforcement especially of habitual career criminals. Gang members commit crimes. Repeat offenders make up most of the criminal numbers. This task force is worse than a band aid.

This bill locks guns to health. WRONG! This is not a health crisis. It is an accountability crises. Hold criminals accountable for their actions. Guns don't commit crimes. People do that. These bad souls don't need a doctor, they need to be held accountable for their own actions.

No task force will help this reality.

Follow the constitution(s). Support the police. Remove lenient judges. End restorative justice. Restore freedom for good citizens. Stop; wasting money. Please?
