

Submitter: WILLIAM LOVELACE

On Behalf Of:

Committee: Joint Committee On Addiction and Community Safety Response

Measure: SB1555

I live in Grants Pass, Oregon and our parks and city street are overrun with Drug use, not the Oregon I have lived in for 73 years. Not fair to residents, children cannot even use our parks. I blame this Soley on Measure 110 and the people who lied to us about what it would accomplish. I believe the people who sold that to the voters have blood on their hands for many deaths. The law needs to be what was before measure 110.
