

Submitter: Michael Brainard

On Behalf Of:

Committee: Joint Committee On Addiction and Community Safety Response

Measure: HB4036

Oregon is suffering. Measure 110 has been an epic failure. M 110 was supposed to give people a slap on the wrist so that they would go get treatment and avoid jail time. Most of those getting caught are not seeking treatment. It's time for a new approach. Go to jail, get treatment while on probation.

Washington is already mandating treatment for those affected by addiction, called Ricky's Law.
