

Submitter: Michael Brainard

On Behalf Of:

Committee: Joint Committee On Addiction and Community Safety Response

Measure: HB4002

Measure 110 is a failure. HB4002 is Measure 110 Light. Law abiding Oregonians should not be victims of people with addiction who are committing property crimes and lowering the quality of life.

People with addiction need to get help whether they want it or not, if they are going to commit crimes against law abiding residents.

HB 4002 is not the answer. Oppose HB 4002, Support HB 4036
