

Submitter: Lisa Scrimenti

On Behalf Of:

Committee: Joint Committee On Addiction and Community Safety Response

Measure: HB4002

This bill does not go far enough. In fact, when one considers how it will work in application, it will actually exacerbate the problems it is trying to address. It's time to repeal 110, that will do more to help the addicted and the people who care about them than this measure.

Respectfully submitted,
