

Submitter: Heidi Napier

On Behalf Of:

Committee: Joint Committee On Addiction and Community Safety Response

Measure: HB4002

We need to repeal measure 110, which legalized drugs in Oregon. The homeless problem in Grants Pass is horrible. I have twice been threatened by homeless druggies. I reported the incidents to the police, and I was told to always carry my cell phone and pepper spray. I had to pepper spray one homeless jerk.

HB 4002 is useless; since when have you solved a problem by studying it?
