Measure: HB4148

Thank you Representative Helm for introducing HB 4148 Omnibus Wildlife Bill. I encourage support of all four parts of the bill. As a 5th generation Oregonian supporting the, people, environment, and animals of the this state is integral to what Oregon is. Proactive investment in dealing with invasive species will save so much to prevent destruction to habitat and support natural resource industry. I live in a rural area and know the danger of deer in the road. Wildlife crossings would be good for everyone. Thank you for your part in keeping Oregon the state I am proud to call home.
