

Submitter: Patricia Eaton
On Behalf Of: Returning to past policies won't work
Committee: Joint Committee On Addiction and Community Safety Response
Measure: HB4002

I am writing to urge you to vote NO on HB 4002. This bill will overturn Measure 110, making possession of small amounts of controlled substances a misdemeanor punishable by jail time, a fine, or both. Criminalizing addiction has never worked to reduce overdose deaths or help people get care. HB 4002 takes us backwards by:

- Treating addiction as a crime;
- Inflicting more government harm and violence on Black and brown communities;
- Putting Measure 110 funding at risk. Diverting funding to the criminal system that could be used for addiction services;
- Further overburdens the public defense system, which is already over capacity.

Addiction is not a crime, it is a healthcare issue. Oregon can and must do better than HB 4002 to address the addictions crisis. HB 4002 is an inadequate and harmful approach that will not solve our addictions crisis and will instead waste taxpayer dollars. HB 4002 will result in more people going to jail, more people being harmed, more individuals being displaced, more families being disrupted, more people dying from overdoses. The legislature should focus on real solutions that will help our communities instead of returning to the failed policies of the past that simply won't work.

Fentanyl has changed this problem immensely. We need to rethink how we treat those addicted to Fentanyl and the new meth. They will need treatment for an extended amount of time and will need some restriction on leaving until they are more solid in recovery. The drive to medicate is 10-fold.

I urge you to please vote no on HB 4002.
