

Denise, Portland
State House District 41
State Senate District 21

Vehicle IDA opened in 2020

“I left an abusive marriage and became a single mom earning a minimal income. I needed help to purchase a car.

I got a college education and got a good paying job to support myself and my son.

Having reliable transportation made it possible for me to go to school and work to support myself and my son and to attend medical appointments and school functions.”
