

Submitter: Lillian Stone

On Behalf Of:

Committee: Senate Committee On Housing and Development

Measure: SB1537

I support that this bill introduces infrastructure funding that prioritizes affordable housing within existing urban growth boundaries, climate-smart incentives, the Housing Accountability and Production Office, and prioritizing building in livable, walkable neighborhoods.

I encourage you to work towards an amendment to remove the unnecessary UGB expansion loopholes that push already-marginalized people farther from their communities and resource networks.

Thank you,  
Lily Stone
