

Submitter: Jeremy Kelley
On Behalf Of:
Committee: Senate Committee On Education
Measure: SB1583

I oppose this bill. We would use books from Mark Twain. How can we understand history with a whitewashed version being presented?

Before you vote for this bill, try to stomach the horrible writing of Jacqueline Woodson ... the content was predictable, the wording was horrible. Shel Silverstein was good poetry. And I'm in support of the a 2 state solution in Israel. So it's not about race.
