

Submitter: Kim Rice

On Behalf Of:

Committee: House Committee On Business and Labor

Measure: HB4080

In the fall I was traveling to eastern Oregon and I couldn't help but notice how all the windmills stood still, or were not working. Wind energy is unreliable.

The environmental impacts on whales and other sea life are unrealized. Over 300 whales washed up on the eastern seaboard when these offshore windmill units were being installed. Vote NO on this bill.
