On Behalf Of:  
Committee: Senate Committee On Health Care  
Measure: SB1578

Hi, I'm Sophia McHugh a recent college grad who is interested in doing all I can to support individuals through social services. I support this bill because health care interpreters are vital to the system and keeping it accessible to people of all backgrounds.

My mother has worked in non profit hospitals for years and there are many people who do not speak english, yet they deserve informed care as well. We cannot understate the importance of healthcare interpreters and their role in the health care

I urge you to vote yes on SB 1578, thank you for your time
