

Submitter: Candy Yow

On Behalf Of:

Committee: Joint Committee On Addiction and Community Safety Response

Measure: HB4002

Thank you for the opportunity to submit testimony. Over the past couple of years, we have seen a significant uprise in drug addiction in this State, we have witnessed more youth using drugs, more homelessness, and more trouble in the schools, I believe anything we can do to stop legal drug use would be great for our State, Communities, and Schools. As a Mother, and Grandma, I feel our children have a long road ahead of them, growing up can be hard enough, now with drugs legal and out in the open it will be even harder to make good choices. Thank you again, Candy
