

Submitter: Linnea Capps

On Behalf Of: All studies show criminalization doesn't work

Committee: Joint Committee On Addiction and Community Safety Response

Measure: HB4002

Please, vote NO on HB 4002. This bill will overturn Measure 110 and we simply cannot allow that to happen. There are enough issues going on in this world today, further criminalizing addiction is not going to help make things any better. All studies have shown these strategies do not work and just further hurt marginalized communities while isolating people so they will get even less help. Please don't waste our tax dollars on systems that are proven to not work. We can do better!

I urge you to please vote no on HB 4002.
