

Submitter: Jayne Simmons

On Behalf Of:

Committee: Senate Committee On Education

Measure: SB1583

I emphatically urge you to get rid of this ridiculous bill! This will bring more pedophilia and transgender mutilation emphasis to our schools and libraries. This is not what our children and schools need. Our school boards need to take back control of our schools and pay attention to reading, writing, cognitive thinking skills, and math.

TEACHERS PLEASE STAND UP FOR YOUR STUDENTS AND STOP THIS MADNESS!
