

Submitter: Krista Thorne

On Behalf Of:

Committee: Senate Committee On Education

Measure: SB1583

Strongly oppose this bill! We already have laws ban discrimination. If that's not good enough then what is your agenda here?! STOP sexualizing our children. Enough is ENOUGH. We are tired of making national headlines because of the agenda pushing, virtue signaling, self serving law makers in this state. Why don't you focus on real problems that need actual solving instead of being part of the problem yourself?
