

Submitter: Brenda Pierce

On Behalf Of:

Committee: Senate Committee On Health Care

Measure: SB1578

Hello my name is Brenda. I am writing to support your votes of Yes in support of SB 1578.

I feel that the support health care interpreters provide clients is incredibly important. All patients need to completely understand what is happening with their health care plan and need to be able to communicate questions and concerns as needed. For many the only way to do this is through an interpreter. It is vital that we provide interpreters to those who need them and in turn that these interpreters are recognized for the services they provide through proper pay and benefits.

I urge you all to vote yes on SB 1578.
