Measure: HB4036

We need to address the penalty level for possession of a controlled substances. The enabling & tolerance of our city needs to stop now. We taxpayers have put up with this for too long with these drug tourists who constantly OD & are revived with Narcan. If they get caught using in public, they get a ticket, which they wad up & toss. There are no penalties, really.

These junkies have strained our EMT & ambulance services. These vagrant junkies need arrest & remand under a felony A level crime with the option of rehab instead of jail. Right now they can be offered rehab if they ask nicely. The rehab needs to be forced under law. We need to stop enabling & tolerating these criminals.

Measure 110 is a BAD LAW that needs to be repealed entirely.

My tax money is completely wasted with this Soros funded ivy league experiment.

Drug dealers & drug smuggler need to face severe jail time for these crimes with NO BAIL.
