Measure: HB4002

Does the Oregon health authority do anything for Oregonians?

Why do we need to study this heavy drug use issue?

All the OHA does is study & waste tax money.

We need action to clear the streets of these criminals NOW.

Measure 110 has failed and was misrepresented to the voters.

It should never have been on the ballot and was pushed by Soros & his pacs.

We tried the carrot, now it's time for a severe stick to clear our streets and force commitment for people with mental issues where they are a danger to themselves & others.

Most of my friends in Portland won't ride the Max or Trimet.

They also no longer go downtown since the junkies like to break out windows for fun.

I know several people who carry for protection since the Police don't respond & junkies are everywhere in downtown.
