Measure: SB1555

Measure 110 should never have happened. Had the people of Oregon realized what they were voting for it never would have passed! If you truly think measure 110 has done anything positive, I challenge you to walk downtown (anywhere). the use and possession of drugs needs to be a criminal offense and punishable. to allow, and even encourage, by decriminalizing drug use and possession only amplifies the problem and this must be revoked and recriminalized.
