

Submitter: Marty Nelson

On Behalf Of:

Committee: Senate Committee On Finance and Revenue

Measure: SB1520

We lost our home and all possessions in the Paradise, California Camp fire on November 8, 2018. We write to support SB1520. It would be following the same actions taken by Governor Gavin Newsom in exempting California State taxes from victims of the wildfire as well as the Federal Bill HR 7024 which has passed the House and hopefully soon the Senate.

It has been a long recovery for myself and my family. My son and his wife and children also lost their home in the Paradise fire. We moved to Oregon to rebuild our lives and need all the monies received from the Fire Victim Trust.

We ask that you please pass this bill so that all people that have lost their homes to these wildfires can be made whole again.
