

To: Members of the House Committee on Behavioral Health and Health Care
RE: Support of HB 4130

Private equity is about profit and nothing more. Oregon has a goal of health equity by 2030. The increasing private equity control represents an antithesis to this goal.

I provide this short video as a statement of truth about private equity.
<https://www.youtube.com/watch?v=R5C4v22y3C0&t=1s>

I strongly recommend all members of this committee to support HB 4130.

With Gratitude,

Tom Sincic, MSN, FNP-Retired
