

Submitter: SUSAN BURDICK  
On Behalf Of:  
Committee: Senate Committee On Education  
Measure: SB1583

Are you all out of your minds? Our children do not need to be exposed to this gender garbage. They are there to learn skills of life. Math, science, reading, writing and oregon schoolshave not been good at teaching our children, those useful skills. Vote no there is no place for this in schools.
