

Submitter: Donna Mitchell

On Behalf Of:

Committee: Joint Committee On Addiction and Community Safety Response

Measure: HB4036

Dear Joint Committee on Addiction and Community Response. Measure 110 is not working. We now have people affected by addiction who are committing crimes who are arrested but are released due to limited jail space. By the time their court date comes some have racked up mutiple charges. Had the crime of possession been stricter, these people would be sitting in jail preventing them from reoffending before their court date.
