

Submitter: Brandi Stone
On Behalf Of:
Committee: Senate Committee On Judiciary
Measure: SB1503

I am a 50 year old law abiding citizen. I love the freedom to use guns for hunting, protection with concealed carry, protection in the woods and for play target practice. I'm frustrated that my rights are being threatened and gradually stripped away. More gun restrictions WILL NOT stop shootings and lawlessness but mental health help will. Bad guys will always find guns. I want to always have mine to protect myself. Please stop taking the rights and freedoms from those of us, many of us, who are doing the right thing, day after day.

I oppose strongly this bill.

Sincerely,

A 50 year Oregonian,

Brandi Stone
