On Behalf Of:

Committee: Joint Committee On Addiction and Community Safety Response

Measure: HB4036

More housing is NOT the answer

Handing out drug supplies is NOT the answer

Legalizing Drugs clearly has NOT worked and is not the answer

Increased rehabilitation has NOT happened

Oregonians were sold a bucket of LIES with Measure 110. We must REPEAL and reinstate harsher penalties for possession and dealing of drugs.

Don't want to go to jail? Then mandatory rehabilitation is the other option.

Allowing drug addicts free rein to slowly kill themselves is inhumane! Oregonians have had enough.

Finally, Call President Biden and DEMAND he closes the border to STOP the Fentanyl pouring into our country!!!
